# HOW TO LOGIN TO BANNER 9

#### Access

Employees MUST have a Banner User ID. If not, contact the IT Help Desk (Ext. 4357) for the "*Banner Finance Account Request Form*". Upon completion of the request form, send it to the Help Desk in IT. IT will provide User ID when activated and ready to use.

#### Login Procedure -

- 1. Launch Google Chrome browser
- 2. Navigate to the Banner Home Page: **banner.mtsac.edu** and click on Banner under the Production section
- 3. Enter Mt. SAC Portal username and password
- 4. Click the Login button to continue
- 5. If the login process is successful, the next page that appears will be the Banner 9 home page.

- Notification Area appears at the far right displaying information or error messages, as needed

# Ellipse Menu (Search)

Three dots at the end of a field is the Ellipse Menu. This menu opens the filter search.

# Key Block

The first block displayed on most pages will be the Key Block. The contents of the Key Block determines what information is entered by the user or displayed on the rest of the page.

The key block can be something as simple as entering an ID number for a person, vendor, requisition, or transaction. In other instances, key blocks may contain multiple parameter fields that require input before the requested information is located and displayed. Note: all required fields will have an asterisk to the right of the field name.

Parameter fields may also include a search (ellipsis) button that displays additional screens to aid in entering the correct information. Also note that parameter fields may be automatically populated based on what is set in other fields previously.

In the below example, let's start by entering the information in the entry field (containing the asterisk) and pressing the green *Go* button (or *Enter* key on the keyboard) on the right side to start the lookup process.

×	Detail Encumbrance Activity FGIENCD 9.3.4 (PPRD)			ADD	RETRIEVE	💑 RELATED	🔅 TOOLS
	Encumbrance: * P0123456	Encumbrance:	All				Go
		Period					

If the required information is not available, click the ellipses button to the right of the entry field to bring up a lookup table.

## Sections

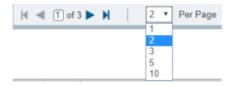

Each Banner page will contain sections (or blocks) of additional data for the key information. Controls are available to access pages containing multiple records and tabs for multiple sections.

Below is an example of a section header with descriptions. Section headers appear below the key block.

× Detail	Encumbrance Activity FGIENCD 9.3.4 (PPRD)	ADD	RETRIEVE	A RELATED	🗱 TOOLS
1 cumbrance:	Encumbrance Period: All 2		3	4 🗖 5	t Over 6
ENCUMBRANCE	EINFORMATION		🗄 Insert	🗖 Delete 🦷 Coj	by 🔍 Filter
Area	Description				
1	Carat icon that expands or collapses a section of information				
2	Description of records contained in this section of information				
3	Insert a new record below a selected existing record in this section				
4	Delete an existing record below a selected existing record in this section	on			
5	Copy a record and insert below the original record in this section				
6	Filter records in this section. Save any changes before using this function	on.			

# **Record Controls**

Controls are also available to view each record individually or in multiples by adjust the number of records to display in the section. The control appears at the bottom of the displayed section.

# **PROCUREMENT TERMS & DEFINITIONS**

**Bid Process** – This occurs when potential vendors compete for a contract to produce a good or provide a service.

**Bid Splitting** – Occurs when a public agency takes a project, service, or goods and breaks the procurement up into smaller dollar amounts to avoid going out for a formal bid. It is unlawful to split or separate into orders for the purpose of evading the provisions of the Public Contract Code. (See Page 4 of the Purchasing Guide for more information). This Guide may be found at <a href="https://www.mtsac.edu/fiscal/fiscal\_service\_forms.html">https://www.mtsac.edu/fiscal/fiscal\_service\_forms.html</a> under Purchasing.

**Unauthorized Purchases** –An agreement, a commitment, or an order for goods or services, or changes to existing contracts by any person who does not have express written delegation of **procurement** authority to bind the College. (See Page 4 of the Purchasing Guide for more information).

**Change Order-** notice is a document used to notify a vendor of specific **changes** in a **purchase order** and to document the **purchasing** file.

**Commodity-** The good or service that is being purchased.

**Conflict of Interest** – A situation in which a person is in a position to derive personal benefit from actions or decisions made in their official capacity. (See Page 4 of the Purchasing Guide for more information).

**Encumbrance** –The name given to funds that have been reserved when a purchase order is finalized and encumbered. When a requisition is processed, funds are placed aside for that transaction. In Banner, funds are encumber against budget for a specific purchase order. The encumbrance is eliminated when an invoice is approved or when the encumbrance is cancelled.

**Fixed Asset** – Property or item of a lasting nature owned by the college for its day-to-day operation. Fixed assets are assets that cannot be instantly liquidated. Examples of fixed assets include real estate and equipment.

**Invoice** - a list of goods sent or services provided, with a statement of the sum due for the items.

**Procurement Card** - A purchasing card (also abbreviated as PCard or P-Card) is a form of institution credit card that allows goods to be procured without using a traditional **purchasing** process. Our campus program has certain restrictions in place for appropriate usage.

**Requisition –** Requisitions are used to originate purchase orders. Requisitions are completed by the originator, approved by the appropriate departmental and Fiscal Services personnel, and submitted to the Purchasing Department.

**Purchase Order** – A purchase order is a legally binding document between a supplier and a buyer. It details the items the buyer agrees to purchase at a certain price. It also includes a delivery date and payment terms.

**Quote** – The most recent price to which a buyer and seller agreed.

**Requestor –** A person asking for certain goods or services.

**Standing Order** - To facilitate frequently recurring charges to the same vendor over a specified period of time. It allows the requester to **order** a particular commodity or service multiple times directly from a provider without having to generate a separate **purchase order** in each instance.

**Vendor** – A person or company selling goods or providing services for the College.

## **CUSTOMIZING MY BANNER**

If you use certain Banner forms frequently, you can access them quickly by setting up a customized file under My Banner in the General Menu.

- 1. Type General Menu [GUAPMNU] into search field.
- 2. On the left side of the screen is a list of Banner forms that are available to be added to your personal menu.
- 3. Scroll through the forms to locate the one(s) you would like to add.
- 4. Double-click in the **Description** field to highlight the selection dark blue, which means item can be moved.
- 5. Click the **Insert Selection** located in the middle of the screen. The selected form(s) will be moved to the right side.
- 6. Click the **Save** button, lower bottom. Notice the informational green message displayed at the top right side of the screen that indicates the transaction has been successful.
- 7. **Close** completely out of Banner, then log back into Banner to view all the added forms in **My Banner**.

# FREQUENTLY USED BUDGET PAGES

The following budget query pages can be used to research your budget status.

Page Name	Title	Purpose			
Budget Availability Status	FGIBAVL	Enables you to view an online query of the budget availability for a selected fund, organization, account, and program combination.			
Organization Budget Status	FGIBDST	Enables you to view an online query of the budget availability by organization code.			
Organization Budget Summary	FGIBSUM	Enables you to view summarized budget information by user defined account type for a selected organization/fund combination.			
Document History	FOIDOCH	Provides an online display of the processing history for a document by a selected document type and code.			
Detail Transaction Activity FGITRND		Enables you to view summarized budget information by user defined account type for a selected organization/fund combination.			
Encumbrance List	FGIENCB	Provides an online summary of all encumbrances including encumbrance type, description, current balance, and status.			
Detail Encumbrance Activity	FGIENCD	Provides an online query of detailed transaction activity for an original encumbrance entry as well as all transaction activity against the encumbrance.			
Organizational Encumbrance List	FGIOENC	Displays an online list of all encumbrances by organization.			

# **BUDGET QUERY FORMS**

#### Budget Availability Status - FGIBAVL

In Banner, budgets are pooled at the major account level. Use the FGIBAVL query to determine available balances for major accounts to which you have access.

- From the Welcome Menu Screen, type FGIBAVL.
- Required fields listed below:
  - Chart of Account Defaults to "M"
  - Fiscal Year Defaults to current year
  - Commit Type Defaults to "Both"

Key Block

Budget Availability Status FGIBAVL 9.0 (UPGR)			🔒 ADD	RETRIEVE	A RELATED	🗱 TOOLS
Chart: * M						Go
Index:	Commit Type:	Both				
Fund:		Organization:				
Account:		Program:				
Keys >						
Control Fund :		Control Organization:				
Control Account :		Control Program:				
Pending Documents:						
Get Started: Fill out the fields above and press Go.						

Tip: You can also select either "Committed" or "Uncommitted" by using the pull-down menu.

- i. Committed Completed & approved Requisitions & POs
- ii. Uncommitted Requisitions not yet completed / approved
- Continue to type your information in the fields below:
  - Fund
  - Organization
  - Account
  - Program Defaults depending on fund, organization and account
  - Click Go

 NOTE: All major accounts – from the one typed and onward – will be displayed.

 1000
 Academic Salaries

 2000
 Classified-Other Non-Academic Salaries

 3000
 Employee Benefits

 4000
 Supplies and Materials

 5000
 Other Operating Expenses and Services

 6000
 Capital Outlay

 7000
 Other Outgo

 8000
 Revenue

 Examples:
 Type "451000" in Account field, and balances for 4000, 5000, 6000

 accounts will be displayed
 Type "1000" in Account field, and balances for all major accounts that you can access in your budget will be displayed.

- Listed by major account, the information will display:
  - Adjusted Budget: Current budget
  - YTD Activity: Expenses paid against the budget
  - Commitments: Completed and approved requisitions and purchase orders that have created either a budget reservation or an encumbrance, but are not yet paid
  - Available Balance: Uncommitted amount left to spend

**NOTE:** Banner security works with all forms. The User will only be able to query the Funds and Organizations to which they have been given access.

[Start Over] Button: Takes you back to Key block.

#### **Organization Budget Status - FGIBDST**

Use the FGIBDST query to access **detailed** budget information for specific organizations to which you have access. Remember, budgets are pooled at the major account level, so as long as there are sufficient funds in the major account (1000, 2000, etc.), you may not have to do a budget transfer if a related detailed account doesn't have enough money.

- 1. From the Welcome menu, type FGIBDST.
- 2. Type in the required fields listed below in the header block:
  - Chart of Account Defaults to "M".
  - Fiscal Year Defaults to current year.
  - Commit Type Defaults to "Both"
  - Organization Not required. Organization defaults to organization associated with the User ID.
  - Fund Not required. Fund defaults to Fund 11000 (Unrestricted General Fund)
  - click Go

**TIP:** The more FOAP elements that are entered, the more specific the query will be.

#### **KEY BLOCK**

**NOTE:** Purchase Orders are listed numerically before Requisitions.

# FREQUENTLY USED REQUISITION PAGES

As a **REQUISITIONER**, there are 12 major pages for dealing with requisitions. The pages in bold below have detailed sections in this manual.

Page Name	Title	Purpose
Requisition	FPAREQN	Requisition form
Requisition Cancel	FPARDEL	Form to delete a requisition that has gone through the approval process
Requisition Query	FPIREQN	For questions about a requisition
Requisition Suspense List	FPIREQS	Suspended Requisitions – incomplete or incorrect budget information
Open Requisition by FOAPAL Query	FPIORQF	Outstanding requisitions by account
Commodities for Review Query	FOICOMM	List of all commodities (items) for a requisition
Commodities and Accounting for Review Query	FOICACT	List of all commodity and account strings for a requisition
Entity Name / ID Search	FTIIDEN	Use to look up a vendor ID
Finance Person Search	FOIIDEN	Use to look up a person's ID
Finance Non-Person Search	FOICOMP	Use to look up a company ID
Document History	FOIDOCH	Document History (Req. to Check)
Document Approval History	FOIAPPH	Lists status of approvals for a document
Document Approval	FOAAINP	Who still needs to approve the document
Incomplete Document Listing	FGRIDOC	Listing of all suspended / incomplete documents

### **CREATING A REQUISITION – BASIC STEPS**

The Requisition Form [FPAREQN] initiates the procurement process by defining an internal request to purchase goods or services. It lets you define departmental needs by identifying the requestor, delivery date and location, commodity, and accounting information.

#### **OPENING THE REQUISITION PAGE**

Vendor: Type the vendor code, if known. [Tab]

The vendor name, primary address and contact information, discount codes and tax group field will automatically fill their fields. If the information is correct,

[Next Section] or Click on Commodity/Accounting Tab.

**Unknown Vendor:** See following pages for how to select a vendor from the Vendor List if the vendor code is unknown or if both the vendor name and vendor code are unknown. The **Vendor** fields may be left blank if you are unsure of which vendor to use.

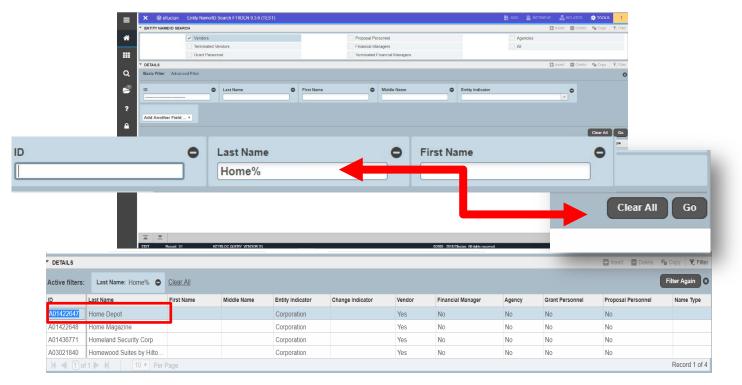

**TIP:** If the vendor is new and needs to be added to the database, type the vendor name in the Vendor Name field, and use **Document Text** to give all the vendor information (name, address, phone/fax, contact) to the Buyer. (*For more info, refer to Document Text section*)

#### How to Select a Vendor if Vendor Code or Name is Unknown

					7	
Requestor/Delivery Info	rmation Vendor Information	Commodity/Accounting	Balancing/Completion			
VENDOR INFORMATIO	N					
Vendor	A01423203 , Office Max Ir	ic			Contact	Elizabeth Brown
	Vendor Hold				Email	
Address Type	BU		7			
Sequence	1	Click the			Phone Area Code	800
		Ellipse		Option List		<b>*</b> 726473
Street Line 1	12131 Western Ave	L		1		
Street Line 2				Entity Name/ID Se	arch (FTIIDEN)	
Street Line 3						10
				Vendor Maintenar	nce (FTMVEND)	26473
City	Garden Grove					
State or Province	CA				Cancel	) Net 30, 20 D
Zip or Postal Code	92641				Tax Group	LAC1 LA County S
Nation					Currency	

- 1. Click on Vendor ellipse.
- 2. Click on Entity Name/ID Search [FTIIDEN] on the Options List.
- 3. Use **Last Name** filter to search vendor. Use wildcard % when looking up a name. Use other filter fields, to narrow search. Click GO.

Sample Wildcard Search: %Home% or Home%, looking for Home Depot

4. A list of vendors now populates the ID Number field.

ID		Last Name	Double	First Name
A014226	47 🗲	Home Depot	Click	
A014226	48	Home Magazin		

5. Double click the **ID Number**, which moves the vendor information to the requisition form in FPAREQN.

Some vendors may have multiple address codes and sequences established in the vendor database. All requisitions and purchase orders utilize the business address code (BU). Multiple sequence numbers may exist if the vendor has more than one business address (e.g. Home Depot will have different sequence numbers for their stores in Rancho Cucamonga, Pomona, and Lakewood).

#### How to Select a Different Address

- 1. Click on the Address Type pull down menu to go to Address Information Query [FOQADDR]. This lists all the addresses in the database for the selected vendor.
- 2. Double click on the **Sequence Number** for the preferred vendor location, which moves that address to the requisition form in FPAREQN.

# **COMMODITY SECTION**

#### Commodity:

- 1. Click on the **Commodity** Ellipse menu to access a list of frequently used commodities. Select **Commodity Validation [FTVCOMM]** from the option list. This will open a list of codes available. These codes are generic codes for most of the items that we order on a day-to-day basis. A printed list is also available at the back of this guide.
- 2. Double click on the selected code that most closely describes what is being ordered to return to the requisition form in FPAREQN. Make sure to choose a supply code if you are using a supply account number.

#### \*\*\* DO NOT ADD AN UNLISTED COMMODITY TO THE LIST \*\*\*

3. If no commodity code matches the item being ordered, contact the Purchasing Department to help you determine the correct code to use.

#### **Description:**

Commodity codes default with a generic description in upper case. Complete the item description by describing what the item is (i.e. printer, scanner, photo paper, floor cleaner, etc.) Be sure to include make/model, manufacturer, color, size, part number, etc.) using upper/lower case.

If a longer description is needed, click on **Item Text [FOAPOXT]** under the **RELATED** menu. Then click **Go** to continue text. You will see the Commodity Description from the Commodity/Accounting screen, as shown below. Type remaining description, **[Save]** lower right, **[Close]** top left.

	Extended Amount							600.00									-
	Discount							0.00									
	Additional							0.00									
	Tax							0.00									
	FOAPAL Total							600.00									
	Commodity Total							0.00									
	Remaining Commodity Amount							600.00									

- COA: Defaults to "M". [Tab]
- Year: Automatically assigned.

Index: Leave blank. [Tab]

- **Fund:** Defaults the Unrestricted General Fund. If different, type appropriate fund. **[Tab]**
- **Orgn:** Defaults Requester's organization. If different, type appropriate organization code. **[Tab]**
- Acct: Type appropriate account code. Use the "Desk Reference for Account Codes" guide for help finding the appropriate account code. **[Tab]**
- **Prog:** Defaults Requestor's program. If different, type appropriate program code. **[Tab]**
- Actv: Leave blank. [Tab]
- Locn: Leave blank. [Tab]
- Proj: Leave blank. [Tab]

## Single Accounting Sequence

If only a single accounting sequence is needed, **[Tab]** through the % check box and amount will fill in the USD fields automatically. **[Tab]** 

When accounting information is complete:

## [Next Section] or click on the Balancing/Completion tab.

#### Multiple Accounting Sequence

To enter additional accounting records, use **down arrow** to the next accounting line item.

Multiple accounting sequences may be created and costs may be distributed by percentage or by a selected amount.

## **Distribution by Percentage**

Check the box directly below % sign and type the appropriate percentage for each accounting record (number without % symbol; e.g. type "50" for 50%).

ACCOUNTING							
Sequence	COA	Year	Index	Fund	Orgn	Acct	Prog
	M	19		11000	640000	451000	677000
	10 V Per Page					,	
		%			USD		
Extended Amount		✓			50		
Discount							
Additional							
		_					

**[Tab]** until ready to enter Next Accounting Record, and/or **[Next Section]** when all accounting records are entered.

## **Distribution by Amount**

Type in first Account Code **[Tab]** over to first USD field and type amount for the first account code, continue to **[Tab]** until back at Account Code

Sequence	COA	Year	Index	Fund	Orgn	Acct	Prog
	М	19		11000	640000	451000	677000
	10 V Pe	r Page			_		
		%			USD		
Extended Amount					300	.00	
Discount					0	.00	
Additional					0	.00	
Тах					0	.00	
FOAPAL Total					300	0.00	
Commodity Total					650	.00	

Click the Down Arrow to add second Account Code [Tab]

ACCOUNTING							
Sequence	COA	Year	Index	Fund	Orgn	Acct	Prog
1	M	19		11000	640000	451000	677000
2	М	19		11000	640000	471000	677000
< (1) of 1 ► H	10 V P	er Page					
		%			USD		
Extended Amount					300.	00	
Discount					0.	00	
Additional					0.	00	
Тах					0.	00	
FOAPAL Total					300.	00	
Commodity Total					600.	00	
Remaining Commodity Amount					0.	00	

Keep clicking **[Tab]**, the remaining amount will automatically populate USD fields. Make note of the commodity total.

**[Next Section]** when all accounting records are entered.

# **Ordering More Than One Item?**

## **Multiple Commodity Items**

To add another commodity item, you must complete the accounting sequence for the first commodity item.

- 1. Click [Previous Section] to go to Commodity Block from the Accounting block.
- 2. Arrow down to the next blank commodity record.
- 3. Complete all the fields in the Commodity block, then **[Next Section]** to complete all the required fields in the Accounting block.
- 4. Repeat the above sequence for each item that will be on the order.
- 5. When all commodity items and their accounting records are listed, **[Next Section]** or click on the **Balancing/Completion** tab.

## Deleting a Commodity Item or Accounting Code

**NOTE:** You MUST add an Account Code for each Commodity Item. Each commodity line is a record and has a one-to-one relationship with accounting code record(s). An error is created if you enter multiple commodities items before you enter the account code associated with each commodity line.

To delete a commodity item or account code already entered, highlight the item or account to be deleted.

Click [Delete] on right-hand side of each section.

- 1. From **Requisition [FPAREQN]**, open, create and complete a new requisition using the basic requisition instructions.
- 2. Type "**EPO**" in the **Comments** field. This lets the Buyer know immediately that this requisition is an emergency.
- 3. When the Requisition is complete, notify your approvers that the requisition is pending their approval.
- 4. Notify the Buyer via email (purchasing@mtsac.edu) that **Requisition RXXXXXX** is an EPO.

## STANDING ORDER (Open Order)

An Open Order is referred to as a Standing Order in Banner. A Standing Order is created when the Requestor wants to place an open supply order with a vendor from which approved users can make multiple small purchases. A Standing Order can also be created when the Vendor requires regular fixed monthly payments; usually for leased equipment.

×	Requisition FP	'AREQN 9.3.4 (L	JPGR)					
Requis	ition: NEXT							
REQU	ISITION ENTRY: R	EQUESTOR/DELI	VERY

**TIP:** If the vendor is new and needs to be added to the database, type the vendor name in the Vendor Name field on tab two of the requisition, and use **Document Text** to give all the vendor information (name, address, phone/fax, contact) to the Buyer. (*For more info, refer to Document Text section*)

# CHECKING THE STATUS OF YOUR REQUISITION

When you click "Complete" on a requisition, it is now time to start tracking the progression of a requisition to assure that your order is placed and delivered.

If a requisition is not properly completed and fully approved, it ends up in an incomplete or suspended status – which means orders are delayed or not ordered at all.

It is **critical** that all pending or outstanding requisitions be resolved before a new fiscal year can be opened. In is strongly encourage to **check the status of your requisitions each month** – to insure there isn't many unresolved issues at the end of the year.

Banner has several ways to track requisition status. Below is a list of some of pages that will help:

Form Name	Form Title	Purpose
Document History	FOIDOCH	Check status of a specific requisition, PO, or Check
General Message	GUAMESG	To check Banner messages.
Requisition Query	FPIREQN	Displays a requisition in query mode – no changes can be made to any information shown.
Requisition Suspense List	FPIREQS	Look at a list of suspended requisitions that did NOT go to approvals.
Open Requisition by FOAPAL Query	FPIORQF	List of requisitions that have not yet been turned into purchase orders.
Incomplete Document Report	FGRIDOC	Look at a list of requisitions that are not complete – req. doesn't go through approval because you need to fix it, cancel it, or delete it.
Document Approval History	FOIAPPH	Lists status of approvals for a document
Document Approval	FOAAINP	List of approvers that still need to approve a requisition. Keep in mind, Accounting will always approve last.

## DOCUMENT HISTORY [FOIDOCH]

Use FOIDOCH to quickly check the status of a **specific** requisition.

- 1. From the Welcome screen, type "Document History" (FOIDOCH)
- 2. Document Type: Type REQ [Tab]
- 3. **Document Code:** Type requisition or purchase order number (example R00XXXXX or P00XXXXX)
- 4. Click Go

**Note**: If the status listed next to a "Requisition" does not show "A," the requisition has not been approved.

• If status is blank, requisition is not complete – Go back, to review requisition [FPAREQN] and click the submit button.

•	If status is "C,"	requisition is	complete,	but still in a	approval queue.
---	-------------------	----------------	-----------	----------------	-----------------

- 3. The 3 columns to the right of the report will give an indication of where the problem is. In the examples above, the Header is okay (N for no problem), and the Commodity is okay (0 errors), but the Account needs to be corrected/completed (1 error).
- 4. Note the requisition numbers is listed on left side.
- 5. Go to FPAREQN, open each requisition one at a time, and either:
  - Fix the problem and execute the "Complete" icon to send it to Approvals,

OR

• Delete the requisition (See Clean-Up Section).

## **OPEN REQUISITION BY FOAPAL QUERY [FPIORQF]**

To look at a list of all requisitions that have not been converted to purchase orders, use the **Open Requisition by FOAPAL Query [FPIORQF]**.

X	Open Requisition by FOAPAL Query FPIORQF 9.0 (UPGR)		ADD	RETRIEVE	▲ RELATED	🗱 TOOLS
	COA:* M	Index:				Go
	Fund: 11000	Orgn: 640000				
	Acct:	Prog:				
	Actv:	Locn:				
Get	Started: Fill out the fields above and press Go.					

- 5. From the Welcome screen, type **FPIORQF**.
- 6. Type the **Fund** and **Orgn** in the FOAPAL fields.
- 7. Click Go
- 8. All Requisitions for that Fund and Organization will be listed.

**TIP:** The more FOAPAL elements that are entered, the more specific the query will be. (Remember, we are not using the Activity and Location codes at this time.)

## **INCOMPLETE DOCUMENT REPORT [FGRIDOC]**

Use the **Incomplete Document Report (FGRIDOC)** to find documents under your User ID that have not been completed or that have been disapproved.

**NOTE:** The status of Requisitions that have been disapproved by any approver before being converted into a Purchase Order <u>changes from complete to</u> <u>incomplete</u>. All Requisitions must be completed or removed.

In suspense *		Approve
Detail		Disapprove

Queue ID	Pre-set identification number for a particular approval queue.
Queue Description	The name of the approval queue.
Queue Level	Indicates the Queue Description's level of approval.
Approval Level	"+" indicates that the next approver in the queue must approve this document
Queue	Same as Queue ID
Level	Position of an approver in the approval queue.
User Detail	The actual name(s) of the approver(s) Click the <b>Detail</b> icon to display the accounting information. This takes you to the Requisition Approval screen [FOQRACT].

If you want to see the rest of the Requisition details, go to the **Related** menu and click on **Document Query [FPIREQN]**.

Use **Next Section** or **Previous Section** to navigate the Requisition form.

Click **Close, top left** when review is complete. You will return to FOAAIPP.

- **Approve** ONLY for authorized approver. If you are not an authorized approver, you will not have access to this function.
- **Disapprove** ONLY for an authorized approver. If you are not an authorized approver, you will not have access to this function.

#### Identifying Specific Approvers

All Approvers that still need to approve are listed under the "Approver List" section. Keep in mind that although Accounting is listed first they will be the last to approve.

If more than one approver is listed for a particular queue, it means that any one of those listed persons can approve/disapprove at that level. The first one to take action will be the one listed in Document Approval History [FOIAPPH].

In each level of "Queue", one listed approver must approve the requisition before it can move on to the next queue of approval.

If any approver at any level denies the requisition, the requisition returns to an incomplete status. Depending on the reason for denial the requisition is no longer moving forward in the approval queue.

An approver **cannot** make corrections to submitted requisition. A Requestor must go back to the Requisition page [FPAREQN] and type the same requisition number for resubmittal.

**TIP:** Go to **GUAMESG** to check your Banner messages to see if your requisition is approved or denied.

#### **Detail Transaction Activity - FGITRND**

- 1. From the Welcome Menu, type FGITRND.
- 2. Type in the required fields listed below
  - Chart of Account Defaults to "M".
  - Fiscal Year Defaults to current year.
  - Fund
  - Organization

Go

3. Click

**TIP:** Typing a specific Account or Program are optional. The more FOAPAL elements that are entered the more specific the query will be.

# CLEAN-UP – INCOMPLETE REQUISITION

After identifying requisitions that are not complete because they are sitting in the suspended queue, the incomplete queue, or in an approval queue – now action is required to clear requisitions from these queues.

Your choices for a suspended or incomplete requisitions are:

- 1. Use [FPAREQN], and when done, click the "**Complete**" button in the "Balancing/Completion" screen.
- 2. Delete the incomplete requisition using [FPAREQN] and click **[delete]** button **twice**. Click **[OK]** when the yellow message below pops up on the top right.

Your choices for a **completed requisition that is not fully approved** are:

- 1. Identify the remaining approvers and contact them to expedite their approvals.
- If you no longer need a requisition, use [FOADOCU] Document by User, to deny the requisition. This will revert requisition to an incomplete status, then you may delete the incomplete requisition using [FPAREQN], see above diagram.

## Document by User – [FOADOCU]

The Document by User page displays a list of documents originated by a specific user. If a Requisition is pending approval, the originating user can disapprove the Requisition and change the status to *incomplete* in order to make corrections or delete.

**NOTE:** A requisition that already has a purchase order number assigned or any other transactions against it, such as receiving or invoicing, cannot be cancelled. Contact the Purchasing Department for assistance.

# CHANGES TO REQUISTIONS

To add or delete information on a requisition will depend on where your requisition is in Banner. Check the status of your requisition by going to FOIDOCH.

**Complete but not yet fully approved** - use FOADOCU to deny the requisition yourself. It will revert to incomplete status so you can make the change using FPAREQN before completing it (which sends it back out for approvals).

**Fully approved but before purchase order** - use FPARDEL to cancel the requisition, copy it into a new requisition, make the changes, and then complete it so it go back for approvals.

**Requisition is now a purchase order** - a Requisition **cannot** be changed after it has been turned into a Purchase Order.

#### How to request a Change Order to a Purchase Order

- 1. Use Outlook to Email Change Order request
- Include the following information Original amount, increase/decrease amount, new total, account number, and reason for the change. <u>Check your</u> <u>available Budget</u>. If a budget transfer is needed, please submit a Budget Transfer in Banner and indicate budget transfer reference number (Jxxxxx).

Change Order Examples:

- Add or delete commodity lines
- Increase or decrease quantities
- Increase or decrease unit prices
- Change business address
- Change FOAPs
- 3. Send email to <u>Purchasing@mtsac.edu</u>. Reference the Purchase Order number in the "Subject" of your email and attach all supporting backup documents (quotes, emails, etc.).
- 4. After Purchasing Department completes requested changes, the Change Order will be electronically routed back through the approval process.
- 5. Check Change Order status by going to FOAAINP.

**RECOMMENDATION:** Create a new requisition if you are adding new commodity items or increasing quantities of existing items – it is easier to process.

# EQUIPMENT PURCHASE (Fixed-Asset)

Fiscal Services implemented a Fixed-Asset Module that is incorporated into Banner. Fixed-Asset inventory tracking enables the College to meet audit requirements, which includes land, buildings, equipment, and construction in progress.

#### **GUIDELINES FOR PROCESSING A PURCHASE REQUISITION FOR EQUIPMENT**

To facilitate the process of tracking equipment items, proper accounting, and compliance with District practices, please remember the following:

- 1. Equipment **must be** ordered with a requisition through the Banner System.
- 2. Equipment cannot be ordered with a standing order.

To determine whether the item is classified as equipment or supplies by using the following table:

EQUIPMENT	SUPPLIES
Item is over \$500	Item is usually under \$500
Item will have a life span of more than one	Item has a life span of less than one year
year	and is usually consumable

3. Choose the appropriate commodity code from the following "Commodity Code Table for Equipment Purchases."

4. Determine the proper Account Code for equipment. All purchases related to technology equipment must be approved by Information Technology. As a result, the equipment accounts have been divided into two groups: "Equipment Account Numbers" and "Technology-Related Equipment Account Numbers". Please choose from the following two tables:

#### **EQUIPMENT ACCOUNT NUMBERS (Does NOT require IT approval)**

NEW EQUIPMENT:	Includes Equipment and Vehicles
641200	New Equipment - \$500 to \$999
	New Equipment - \$1000 to \$4,999
641400	New Equipment – Over \$5K
EQUIPMENT RELACEM	ENT: Includes Equipment and Vehicles. Use only if expenditure is for the identical replacement of equipment (necessitated by normal use) on a piece-for-piece basis to perform the same function(s).
642200	Equip Replacement - \$500 to \$999
642300	Equip Replacement - \$1000 to \$4,999
642400	Equip Replacement – Over \$5K
EQUIPMENT LEASE PURCHASE	: Includes Equipment and Vehicles. Use only when the intention is to buy the equipment rather than rent, and the residual value to purchase the equipment, as per the lease/purchase agreement, is minimal.
643200	Equip Lease Purchase IT - \$500 to \$999
643300	Equip Replace IT- \$1000 to \$4,999
643400	Equip Replacement IT – Over \$5K

## TECHNOLOGY- RELATED EQUIPMENT ACCOUNT NUMBERS (Requires IT approval)

NEW EQUIPMENT:	Includes computer hardware and related electronic equipment. Examples: computers, network equipment, PDAs, copiers, fax machines, printers, etc.
641600	New Equipment IT - \$500 to \$999 New Equipment IT - \$1000 to \$4,999 New Equipment IT – Over \$5K
EQUIPMENT RELACEM	ENT: Use only if expenditure is for the identical replacement technology equipment (necessitated by normal use) on
a piece-	for-piece basis to perform the same function(s).
	Equip Replacement IT - \$500 to \$999
	Equip Replacement IT- \$1000 to \$4,999
642700	Equip Replacement IT – Over \$5K
EQUIPMENT LEASE PURCHASE	: Use only when the intention is to buy the equipment rather than rent, and the residual value to purchase the equipment, as per the lease/purchase agreement, is minimal.
643500	Equip Lease Purchase IT - \$500 to \$999
643600	Equip Replace IT- \$1000 to \$4,999
643700	Equip Replacement IT – Over \$5K
SOFTWARE:	Includes the tangible possession of the software – not license to use the software.
644200	Software - \$500 to \$999
644300	Software - \$1000 to \$4,999
644400	Software – Over \$5K
SOFTWARE LEASE PURCHASE:	Use only when the intention is to buy the software rather than rent, and the residual value to purchase the software, as per the lease/purchase agreement, is minimal.
645200	Software Lease - \$500 to \$999
	Software Lease - \$1000 to \$4,999
	Software Lease – Over \$5K

# CREATING A REQUISITION FOR TECHNOLOGY EQUIPMENT

#### Follow the "Creating a Requisition" basic steps until... "Tab Three Commodity/Account section"

**NOTE:** The Document Level Accounting box always **defaults** to unchecked. This means that **Commodity Level of Accounting** is in use. When ordering Equipment, the **"Document Level of Accounting"** box should be **unchecked**. Equipment orders should be prepared with Commodity Level of Accounting.

## Commodity/Accounting – Computer System

It is important to determine the total cost of the "computer system" as this will be the amount included in the District's inventory. The following example shows the purchase of a computer with additional charges like an environmental waste fee, a warranty, and taxes. All these charges will be part of the total cost of the "computer system." They should be charged to the **same account code**.

- 2. Select the commodity code that most closely describes the purchase of a computer system. In this case, choose commodity code COMP-E, double click to accept the selection.
- NOTE:Refer to the "Commodity Code Table for Equipment Purchases".<br/>Most commodity codes for equipment purchases end with the letter "E."Example:The commodity code for Computer Equipment is "COMP-E."Exceptions:To these rules are FURN-I (Furniture Installation) and FURN (Furniture).
  - 6. Commodity codes default with an upper case description. Complete the item description (manufacturer, make/model, color, size, catalog number, etc.) using upper/lower case. Using the example add: "OptiPlex 755 P/N 223-7079 to."

For longer descriptions, click on **Item Text [FOAPOXT]** under the **Related menu**. Type remaining description "include Monitor, Mouse, and Keyboard," (review format listed in diagram) **[Save] bottom right, [Close] top left.**

- **4.** Continue to enter Unit Measure, Tax Group, Quantity, Unit Price, and Additional charge in the "Commodity" section.
  - Item: Automatically assigned by the system. Tracks the number of items (records) on the requisition and the number of records being displayed. **[Tab]**
  - U/M: Unit of Measure defaults to EA (Each). Use LOT for a complete system. **[Tab]**
  - Tax Group: Tax group will default from commodity code selected. [Tab]
  - Quantity: Type quantity "1." [Tab]

- **Unit Price:** Type unit price "\$845.00." Banner calculates the extended cost. **[Tab]**
- Additional: Include the Environmental waste fee of \$16.00 and Warranty of \$45 for a total of \$61. This field is for additional charges that are not taxable. **[Tab]**

## [Next Section]

WARNING: It is critical that you tab through each field in the Commodity and Accounting blocks.

## ACCOUNTING BLOCK

	★ ACCONTING												
	Sequence	COA	Year	Index	Fund	Orgn	Acct	Prog	Actv	Loca	Proj	NSF Override	NSF Suspense
COA		Year		Index		Fund		Orgn		Acct		Prog	
М		19				11000		640000		64150	)0	677000	Record 1 d
	Extended Amount					600.00					_		
	Discount					0.00	0						
	Additional					0.00							
	Tax					0.00							
	FOAPAL Total					600.00							
	Commodity Total					0.00							
	Remaining Commodity Amount					600.00							

- 7. Enter the account string information.
- COA: Defaults to "M." [Tab]
- Year: Automatically assigned.
- Index: Leave blank. [Tab]
- **Fund:** Defaults the Unrestricted General Fund. If different, type appropriate fund. **[Tab]**
- **Orgn:** Defaults Requester's organization. If different, type appropriate organization code. **[Tab]**
- Acct: Type appropriate account code. Use the "Technology Related Equipment Account Numbers" for help finding the appropriate account code. [Tab]

	[Next Section]
Proj:	Leave blank. <b>[Tab]</b>
Locn:	Leave blank. <b>[Tab]</b>
Actv:	Leave blank. <b>[Tab]</b>
Prog:	Defaults Requestor's program. If different, type appropriate program code. <b>[Tab]</b>

NOTE: Our example, the total cost of the equipment is \$982.05 (this total cost includes the computer, waste fee, warranty, and taxes). Then choose the specific account to obtain Information Technology approval. For this scenario, the account should be: 641500 (New Equipment IT-\$500 to \$999).

Same will apply to furniture when costs include shipping and installation.

#### **Requisition Entry: Balancing/Completion**

- 1. Check the Status column all amounts should show "Balanced."
- 2. Click the **Complete** icon if all information is correct.

OR

Click the **In Process** icon if you want to change or add anything at a later time.

# INQUIRING THE STATUS OF YOUR EQUIPMENT ITEMS

## DOCUMENT HISTORY [FOIDOCH]

Use FOIDOCH to quickly check the status of a **specific** requisition.

- 1. From the Welcome screen, type "Document History" (FOIDOCH)
- 2. Document Type: Type REQ or PO [Tab]
- 3. Document Code: Type the Document Number, RXXXXXXX or PXXXXXXX
- 4. **[GO]** Button.

Document Type	Document Number	Status	Status Description	
Purchase Requisitions	R0054813	А	Approved	
Purchase Orders	P0052633	А	Approved	
Invoice	10211082	Р	Paid	
Check Disbursement	07227389	F	Final Reconciliation	
Receiving Documents	Y0037128	С	Completed	
Fixed Assets	041917	Т	Tagged Permanently	

5. If complete and approved, the equipment item Asset Tag Number will show:

**Fixed Assets:** Refers to the tag numbers. Any tag numbers with a status of "**T**" are system-generated and will be the permanent tag.

## FIXED ASSET MASTER QUERY [FFIMAST]

- 1. From FOIDOCH, highlight "Fixed Assets" line. Then select "Query Document" [BY TYPE].
- 2. The asset tag will default in Key Block. Click

**3.** By clicking **[Next Section]** you will be able to query and see the detailed asset information such as Permanent Tag, Asset Description, Total Cost, Make, Model, Location, and Account Strings.

# **PROCUREMENT CARD – Direct Vendor Purchases**

District US Bank Procurement Card has been established for use by the Purchasing staff in the acquisition of goods where the total cost is less than \$5,000 from vendors that will not accept purchase orders as a contract authorizing purchase by the College. Campus users will follow normal Banner requisition entry and approval procedures to authorize the purchase specifying the selling vendor name and contact information (website and/or telephone number) in the requisition Document Text (DOCTEXT) and as additional information included with the Requisition Support documentation.

#### **Process Steps**

- 1. Create a requisition in accordance with standard procedures fond in this guide.
- 2. Insert "Credit Card" in the comments field alerting the Buyer that this purchase will require use of the US Bank Credit card.

× Requisition FF	PAREQN 9.3.4 (PPRD)			ADD	RETRIEVE	🛱 RELA	TED	TOOLS
Requisition: NEXT							Start O	ver
REQUISITION ENTRY: R	REQUESTOR/DELIVERY				🗄 Insert	E Delete	Га Сору	👻 Filter
Requisition	NEXT	Comments	Credit Card	In Suspense	9			
Order Date *	10/05/2018	Commodity Total	0.00	Document T	ext			
Transaction Date *	10/05/2018	Accounting Total	0.00					
Delivery Date *			Document Level Accounting					

- 3. Specify the selling vendor name, website and phone number in the Document Text (DOCTEXT). Make sure pricing includes all applicable taxes, shipping and handling costs. Submit to Banner for approval.
- 4. Once all Banner approvals have been completed, the responsible Buyer, as determined by the Originating Department and the Commodity Code(s) specified in the requisition, processes the purchase order and places the order with the vendor.

#### Gift Card Purchases – Additional information is required

- 1. The type of gift card, the number of cards requested along with face value of the individual gift cards must be allowable by the funding source (Grants, Associated Students, etc.).
- 2. A rationale for the need of the gift cards must be included in the Requisition Document Text including the event name and event date.
- 3. When the gift cards are distributed, a list of the student participants receiving the gift cards (they cannot be given to Mt. SAC staff) must be prepared. The list must include names, addresses and signatures as proof that they received the gift card. This information must be sent to Accounts Payable referencing the Purchase Order Number issued to buy the gift cards immediately after the event.

# BACK-UP DOCUMENTATION

Back-up documentation refers to any vendor quotes, Board approvals, contracts, specifications, or other information that is relevant to the Requisition. These documents also help the Buyer place the order and may be required for review by an auditor.

To provide the documentation to Purchasing:

- **OnBASE**: OnBase client is Mt. SAC's Enterprise Content Management System that is used to store, scan, and retrieve documents.
  - Access is granted based on Manager/Supervisor's request.
  - Must submit a OnBase Account Request Form to IT Department

Up until OnBase access is provided:

**E-Mail**: Create a PDF file of your documentation. E-mail it as an attachment to:

## purchasing@mtsac.edu

Reference the Requisition Number in the **Subject** line.

## REFERANCE

### **CHECKLIST FOR CREATING A REQUISITION**

To ensure that your requisition gets processed as quickly as possible, using the following checklist (as applicable) may speed things up.

- $\Box$  1. Decide what you want to order.
- $\Box$  2. Check your budget to make sure you have enough money in the right fund.
- $\Box$  3. Make sure the vendor accepts a Mt. SAC purchase order.
- □ 3. Have the vendor give you a written quote. For orders over \$10,000, written quotes from 3 different vendors are required.
- 4. Do not place an order with the vendor No Unauthorized Purchases. Create your requisition in Banner and Purchasing will give the vendor a purchase order.
- □ 5. Follow the procedures in your User Guide to create the requisition.
- 6. If a vendor is not listed in Banner, send a *new vendor packet* to vendor. Continue requisition and remember to add in Doc Text, "Pending New Vendor Packet". Forward completed packet to Purchasing. Purchasing will add vendor to Banner database or check with Purchasing for names of other established vendors. To obtain a *new vendor packet* visit Purchasing web page under Document Requirements, "New Vendor Packet".
- □ 7. Send your Back-up Documentation to Purchasing as soon as you input the requisition.
- $\Box$  8. If there is a problem with your requisition, follow the clean-up procedures.
- $\Box$  9. Check the status of your requisition to make sure you have all your approvals.
- □ 10. Send all **approved** invoices to Accounting. (Have your manager sign invoice)

# BANNER FINANCE SUPPORT
