

Student Name _____ Grading Period _____

Clinical Facility _____ Week: _____ 6 _____ 8 _____ 16 _____

Initials: Student _____ Clinical Instructor _____ Professor _____

Please rate the student based on his/her level of education/experience and review the evaluation with the student to support the students ongoing learning, and development. **Comments are required for NI or CS ratings.**

A passing clinical evaluation is defined as earning a score of 78% or higher in **all three sections** of the clinical evaluation: Patient Care and Safety, Technical Skills, and Professionalism.

E= Excellent CA= Competent/Acceptable NI= Needs Improvement CS= Critically Substandard NA= Not Applicable

Patient Care and Safety		E	CA	NI	CS	NA
FACULTY USE ONLY		3	3	2	1	3
1. Uses appropriate & effective written, oral & nonverbal communication with patients, the public & members of healthcare team						
2. Examines procedure orders for accuracy & makes corrections when applicable						
3. Executes CT procedures under appropriate level of supervision						
4. Demonstrates principles of assisting, transporting, transferring, positioning & immobilizing patients						
5. Differentiates between emergency & non-emergency procedures						
6. Recognizes life-threatening electrocardiogram tracing						
7. Uses personnel & radiation protection measures each exam warrants (<i>optimizes for pediatric pts</i>)						
8. Applies standard & transmission based precautions, appropriate medical asepsis, & sterile technique						
9. Assesses patient, records clinical history, & demonstrates competent assessment skills through effective management of the patient's physical & mental status						
10. Provides patient-centered, clinically effective care for all patients						
11. Uses education strategies appropriate to the comprehension level of patient or family & answers patient questions knowledgeably						
12. Adapts procedure to meet age-specific, disease-specific & cultural needs of patient						
13. Examines demographic factors influencing patient compliance with medical care (gender, age, religion, disability, socioeconomic, lifestyle choices, sexual orientation, etc)						
14. Practices safe contrast administration and/or preparation procedures (including injector)						
FACULTY USE ONLY	SECTION SCORES					
	SECTION TOTAL					
	SECTION GRADE			42		%
Technical Skills		E	CA	NI	CS	NA
FACULTY USE ONLY		3	3	2	1	3
1. Demonstrates appropriate level of understanding of procedures						
2. Competently operates CT equipment & reports equipment malfunction						
3. Positions patient & gantry to achieve accurate demonstration of affected body part						
4. Selects accurate protocol & procedure parameters for each examination (<i>optimizes for pediatric pts</i>)						

Technical Skills cont....		E	CA	NI	CS	NA
5. Selects technical factors producing quality diagnostic images with the lowest possible radiation exposure (<i>optimizes for pediatric pts</i>)						
6. Initiates the scan						
7. Completes procedures in timely manner						
8. Demonstrates adequate skills in image processing						
9. Performs adequately under stressful situation						
10. Critiques images for optimal demonstration of anatomic region, exam completeness, patient ID, & image quality						
11. Determines corrective measures to improve inadequate images						
12. Demonstrates competence in computer skills & competence in using PACS
