

Become a CT TECHNOLOGIST at Mt. SAC

If you are a Technologist and want to expand your skills in a fast-growing, demanding career, then apply for the Computed Tomography certificate program!

LEARN MORE. EARN MORE.

The program provides a complete educational experience. Students will have the opportunity to develop competence in patient care, communication skills, critical thinking, and technical skills preparing them to become a proficient technologist.

Curriculum includes:

- ARRT structured education and clinical experience requirements
- Course work in patient care, safety, image production, and procedures.

Upon successful completion of the program, students will receive a Certificate of Completion. Technologists certified and registered by ARRT Radiologic Technology are eligible to apply for ARRT certification in Computed Tomography.

To Apply

- Must be certified: ARRT(R) & CRT
- Visit the the program website to submit an application.
- <https://www.mtsac.edu/radiologic/computed-tomography/>
