## Basic Needs Committee

The Homelessness & Basic Resources Committee (HBRC) was launched in 2017 in response to Mt. San Antonio College's (Mt. SAC) desire to support the needs of students who face housing, food, and other basic resource insecurities. In 2019, the committee name was changed to Basic Needs Committee (BNC) and its purpose transitioned from direct support to an advisory body that recommends solutions and advocates for Mt. SAC's Basic Needs Resources program. The Mt. SAC community can support our basic needs efforts in various ways, which includes giving to the "Basic Needs Fund" through Mt. SAC's Foundation & Alumni Association website (click the blue button on the right). Addressing students' basic needs takes all of us working together so we appreciate your support.
