

Professional Development Council (PDC)

The Professional Development Council provides vision and direction for classified, faculty, and management, professional development to increase student success, improve institutional effectiveness, and enhance employee professional growth.

The function of the PDC:

1. Maintain the guidelines and procedures for Professional and Organizational Development Conference and Travel funding and to make determinations about employee conference and travel support through these funds.
2. Track professional development taking place across the campus towards achievement of College's Strategic Plan.
3. Make recommendations for professional development at the College, including reporting on campus-wide professional development to President's Advisory Council.
4. Review assessments for professional development needs of the College, connect these needs to College strategic goals and initiatives, and develop a College Professional Development Plan.
5. Evaluate the achievement of professional development goals as articulated in the Mt. SAC Professional Development Plan, and recommend changes.
