## Additional Program Information

### About the Education for Older Adults Program

Mt. San Antonio College's School of Continuing Education offers classes for older adults that provide opportunities for personal growth and development, community involvement, and skills for mental and physical well-being. Classes are available online and at various senior centers, community centers, and residential facilities. These courses are designed for older adults (age 55+ years). Education for Older Adults (EOA) students enter class with different levels of real-world experience as well as a multitude of educational levels, age variances, and life skills.

### Do you have questions about a class?

All faculty members teach their classes slightly differently based on their knowledge, expertise, and teaching philosophy. It is the policy of Mt. San Antonio College to maintain and encourage freedom for its faculty, within the law, of inquiry, teaching and research, and the pursuit of knowledge.

If you have questions about a specific class, we encourage you to email the faculty member.

### Course Modality

Course Modality refers to how a professor delivers their course.

- **In Person Learning** takes place at a physical location at specific days/times.
- **Synchronous Learning** is online learning that happens in real time. This means that you, your classmates, and your professor interact in a Zoom call through Canvas at a specific time.
- **Asynchronous Learning** is online learning that happens both in real time and on your schedule. All asynchronous classes have a weekly live Zoom call. In addition to the Zoom call, you are responsible for doing some work independently. You will be required to read, watch videos, participate in online discussion forums, or complete assignments outside of the scheduled Zoom time. You have the ability to access and satisfy these requirements within a flexible time frame.
