

****RVTs and Experienced Technicians needed for OVERNIGHTS****

Our private-practice, multi-doctor veterinary hospitals need your expertise!

Bixby Animal Hospital and Urgent Care is a brand new, state-of-the-art animal hospital and urgent care. This is the 4th location of a private practice that has been a part of the South Bay community since 2005.

As a committed **private practice** hospital, we pride ourselves on providing excellent customer service to our clients and exceptional medical care to our patients. To continue our mission of excellence in pet health, we're now hiring RVTs for our overnight shift to care for our hospitalized patients.
