

Proud Sponsor of the U.S. Olympic & U.S. Paralympic Teams

It is with excitement that I am sending you this email!

Mt.SAC and 24 HOUR FITNESS are now PARTNERS!

24 HOUR FITNESS is affording eligible students and graduates the opportunity for employment at 24 Hour Fitness in the capacity of personal trainer. Other opportunities in other departments exist as well, but our on a narrow focus is personal training.

They will offer part and full-time positions in the fitness department. Their company wishes to immediately address one of our biggest opportunities, namely staffing personal trainers at our varied clubs throughout the district, area, and region. We can accomplish a two-fold mission by collaborating: 1. Fully staff our clubs, and 2. Offer your students and alumni immediate employment opportunities.

Gregory Baker will be your direct conduit for all interested individuals. He will:

Take receipt of your applicant's resume' via email;

1. Identify which clubs work best for the applicant based on geography/location to home or school, i.e. convenience factors;
2. Interview here if my club is an appropriate fit; or
3. Forward the applicant's resume' to the appropriate club's fitness manager for review and follow up.

You as MtSAC Students automatically qualify to be a personal trainer because you have passed a minimum of five [5] transcript supported kinesiology courses. Applicant's also qualify if they possess any of the Certifications listed in the "Approved Certs and Exceptions" I have that document if you would like to view it!

Please contact me ASAP if you are interested!!!!!!!!!!!!

Arnita L. Champion, M.S.
