

The grand opening of Move is quickly approaching! Move is a professional, elite and family-friendly dance studio with attention to premier technical training and stand-out artistry for ages two and up, beginning and recreational to advanced, competitive, and pre-professional located in Ontario, California.

Move is looking to hire highly trained, experienced, high-energy, and kid-loving dance instructors for the styles of ballet, jazz, tap, lyrical, hip-hop, acrobatics, and musical theatre. Move would love to give MT SAC students a chance to earn some income while sharing their passion and developing their own skills.

Those interested in a position as a Dance Instructor in any of the above styles at Move can email me their resume and pieces of their choreography or performances (optional but highly recommended) at owner.movedance@gmail.com.
