Subject: Sexual Harrassment Training

Date: 10/12/2022

Whereas: Mt. San Antonio College Associated Students have received numerous reports from students regarding incidents of sexual harrassment around the Student Life Center and surrounding buildings.

Whereas: Most of the students who report incidents of sexual harrassment are RSCOs and members of Associated Students. As this issue majorly impacts students involved in student life, we believe informing and educating A.S Officers, A.S. Committee Representatives, and RSCO Officers would be the most effective plan of action.

We propose informing applicants of this requirement. Required sexual harrassment training intervention for A.S Officers, A.S. Committee Representatives, and RSCO Officers must be completed by the 8th week of the semester. Those that do not complete the training by the established deadline will be subject to removal of officer privileges as determined by the respective governing body. The sexual harrassment training curriculum would be the same training required for faculty, provided by the Title IX office. The training covers sexual harrassment identification, intervention, and support services.

Whereas: Our proposal directly addresses the rising sexual harrassment concerns from the student body. The issue of sexual harrassment impacts students physically, mentally, and emotionally. It is the shared responsibility of Associated Students (with Mt. SAC) to ensure the overall well-being and safety of students on campus. By informing our students in leadership they would passively inform their constituents, further educating Mt. SAC students on sexual harrassment intervention and support.

Whereas: This proposal will enable Associated Students to be proactive in addressing sexual harrassment issues and maintaining student safety. Mandating sexual harrassment training for A.S Officers, A.S. Committee Representatives, and RSCO Officers will strengthen our student body with the necessary skills to combat this issue first-hand.

Therefore: Be it resolved, that the A.S. Senate, the A.S. Executive Board, and the A.S. President approve Sexual Harrassment Training

A.S. Senate

For: 12 Against: 0 Abstain: 3 Charlie Yang, Valerie Menna, Ny'Kel Best
Date: 11/1/22

A.S. Executive Board

For: 7 Against: 0 Abstain: 0 Date: 11/1/22

A.S. President
