
Job Description

Job Summary

Westchester Veterinary Center and Cat Clinic (WVCCC) is interviewing registered veterinary technician (RVT) candidates to join our client and patient-focused team.

Required skills:

- Obtain TPR and capture pertinent clinical history
- Educate clients on the importance of the 5 steps of preventive medicine
- Fill medications, educate clients on purpose of medications, and explain instructions for administration
- Administer injections, perform venipuncture (blood draws), place IV catheters, complete ultrasound-guided cystocentesis, and practice low-stress handling and restraint techniques
- Complete laboratory procedures, maintain in-house Idexx laboratory equipment as packing/shipping samples to references labs
- Administer anesthesia protocols including inducing patients, placing endotracheal tubes, monitoring, and recovering patients
- Perform dental cleaning, provide support during dental procedures and prepare/aid in surgical procedures including clipping, scrub, maintaining surgical instruments & packs, autoclaving, and maintaining sterility
- Perform and capture radiographic studies (x-rays)

We are:

- Open Monday - Saturday and see small animals, pocket pets, avian and exotic species
- We strive to deliver quality medicine and services while achieving high client satisfaction
- WVCCC features paperless records, digital radiograph units (x-ray), ultrasound, in-house Idexx lab, surgical and dental equipment

We offer:

- Competitive compensation package that is commensurate with experience
- Training and CE allowance
- Paid vacation and health coverage
- Growth Potential

The ideal candidate:

- Will possess strong verbal and written communication skills
- Will have the ability to multitask and make important decisions quickly
- Will be a motivated team player

Please feel free to email us info@westchestervet.com a cover letter and CV/resume if you are interested in working with us. Thank you for applying.
